GitHub: github.com/mohammed-ihsan-dev — Portfolio: mohammed-ihsan.vercel.app

Professional Summary

Detail-oriented BCA student and Full Stack Developer with hands-on experience in building scalable web applications using the MERN stack. Strong proficiency in developing responsive user interfaces with React and Tailwind CSS, and implementing secure backend systems using Node.js, Express.js, and MongoDB. Experienced in TypeScript, modern ES6+ JavaScript, RESTful API development, JWT-based authentication, CRUD operations, MVC architecture, Firebase, and AWS basics. Possess a basic understanding of Agile development methodologies. Passionate about building efficient, scalable, and user-focused applications.

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, TypeScript, Bootstrap, Tailwind CSS

Backend: Node.js, Express.js, MongoDB, RESTful APIs, JWT Authentication, CRUD Operations

Cloud & Services: Firebase, AWS (Basic), API Integration

Architecture & Concepts: MERN Stack, MVC Architecture, Responsive Design, Flexbox, CSS Grid, Agile/Scrum Methodology, Scalable SaaS Product Development

Tools: Git (Basic), GitHub, Canva, Image Editing, Website Performance Optimization

Projects

Baebys – E-Commerce Web Application (MERN Stack)

- Built a full-stack e-commerce application using MongoDB, Express.js, React.js, and Node.js
- Implemented secure authentication and authorization using JWT
- Designed and developed RESTful APIs with CRUD operations for products, users, cart, and orders
- Applied MVC architecture and built responsive UI using Tailwind CSS for improved scalability and user experience

Zinda Learn – E-Learning Platform (MERN Stack) – Live Client Project

- Developed a full-stack e-learning platform using MongoDB, Express.js, React.js, and Node.js
- Built secure authentication and role-based access systems for Admin, Instructors, and Students using JWT
- Implemented course management, video learning modules, student enrollment, payment handling, and progress tracking features
- Designed responsive and scalable user interfaces using React.js and Tailwind CSS
- Developed RESTful APIs, integrated dynamic dashboards, and optimized application performance for real-world usage

Experience

Software Developer Intern – Bridgeon Solutions

Jul 2025 – Present

- Developed and deployed responsive web applications using React.js, Tailwind CSS, and modern ES6+ JavaScript
- Built reusable and scalable UI components, improving development efficiency and maintainability
- Integrated frontend with RESTful APIs and handled dynamic data rendering
- Collaborated on backend features using Node.js and Express.js for API development
- Improved application performance and responsiveness across devices and browsers

Freelance Picture Editor / Designer

Jan 2023 – Present

- Designed posters, banners, and digital creatives for marketing and branding
- Edited and optimized images for social media and promotional platforms

Education

Bachelor of Computer Applications (BCA)

Indira Gandhi National Open University (IGNOU)

Aug 2025 – Aug 2028
